PRINCE ROYAL WINS THE CONEY ISLAND DERBY If the superheated sufferers in the brazen furnace of Manhattan Island had known that the Sheepshead r course was delightfully cool, with a fresh, sait cree blowing in straight from the sea, they would be fied in swarms to this green spot in a thirsty L. Coney Island and all the neighboring coast refreshing indeed to the steaming way farers who left the intolerable glare and heat of the city streets and. Every friend of the turf will hope for a similar coolness at the course to-day, when excellent

racing is promised. A few thousand people saw Prince Royal win the rich Coney Island Derby, worth \$8,110 to the winner, but the attendance would have been far larger if racegoers had expected so lively and stirring results as occurred. Mr. Belmont was much missed, but in truth, neither he nor his trainer expected to defeat Sir Dixon. But as "The Tribune" said yesterday, Sir Dixon stepped on a stone after the Belmont Stakes at Jerome Park, and lameness and inflammation set in. He was not nearly so good a colt as on Belmont day and did not look so. But the Dwyers and the marity of heavy betting men underrated Prince Royal, and backed the son of Billet against the son of Kingfisher. It was reported that the Dwyers put \$20,000 on their colt. However that may be, he was backed in big sums and at big odds on, while Prince Royal most went begging for backers. James Rowe said the morning that the Belmont Stable would have \$5,000 in forfeits to pay at that meeting, and he thought the prospect of winning that amount was But a few hours later one colt in the stable had won more than \$8,000. Such is the glorious un-

certainty of racing. The field was small in the Derby, the starters being Sir Dixon, Prince Royal, Defence, Kernaghan's Bertha B. colt and Senator Hearst's black filly Gorgo by the great English racchorse Isonomy out of Flirt. The start was made in a part of the new straightaway course, where the ground was heavy. Sir Dixon set out to make the pace and soon opened a big gap, but the speed was slow, the first half mile being run in 56 seconds, the three-quarters in 1:23 3-4 and the mile in 1:47 1-2. As Prince Royal had been beaten off in the Belmont by trying to keep pace with Sir Dixon for the first mile, Garrison, who rode the Bel colt, prudently lay back and bided his time. rode the Belmont with his sprawling, lumbering, awkward action, cannot stay a mile and a half and was never really in the race, although ridden by Hayward, while Bertha B. colt was never a bit dangerous. But half a mile from the end Gorgo amazed nearly all the spectators by shooting up to Sir Dixon's head and him hot and hard, head and head, for ore than a quarter mile. She was beaten in the omestretch, where Garrison brought up Prince Royal with a well-timed rush, soon forcing McLaughlin to the whip. Garrison also used whip and spur freely and rode with magnificent force and determination Lack of condition told on Sir Dixon and Prince Royal won a well-fought and well-ridden race.

But it took a jockey to do it. If Garrison had been in Prince Royal's saddle in the Withers and Tidal Stakes, Mr. Belmont would surely have won It is true that just after the start in the Tidal, Godfrey was forced into the fence, and one of his legs was badly bruised and Prince Royal lost much ground. Yet with a crack jockey in the saddle he would have won in spite of the accident, nd crack jockeys never get crowded into fences. When did such an accident occur to McLaughlin, Haywards Garrison or Murphy? A competent jockey handles his horses with such skill that they can

Mr. Belmont ought to have seen the brilliant victory of Garrison and Prince Royal. It was highly popular and was heartly applauded. Among those who saw it were John Hunter, D. D. Withers, Senator Hearst, Leonard W. Jerome, Major Doswell, J. H. Bradford, J. G. K. Lawrence, Colonel Kip, A. L. Wolcot, Colonel Frank Hall, C. Fellowes, Major Robertson, C. H. Raymond, Oden Bowie, jr., Frederick Gebhard, Berry Wall, Captain S. S. Brown, Mr. Galway, the Dwyers and many more. In the first race the second choice, Bess, easily

defeated the favorite Telle Doe, who ran second. But Bess was getting seven pounds from Telle Doe. Fourteen pounds more than he carried in his last evious race stopped the fleet colt Rap Although Aurania was the favorite for the Spring

Stakes and a rather easy winner, Captain Brown's A. B., J. B. Haggin's Marsac, and Mr. Blunt's ymour were also well backed. All ran badly. our were also well backed. ourg got second place easily enough. Grover Cleveland ran his best race so far in the

East, in the fourth race, in which he was a good second to the favorite, Favor, whom McLaughlin was forced to drive at top speed to win. Connemara seemed to be in superb condition, but she sulked and

Swift, with her light weight, romped home in front of Inspector B. in the fifth race. Rupert was miserably ridden by a stable boy and dawdled along instead of rushing out from the fall of the flag and taking a long lead promptly-his only chance.

Mr. Caldwell was in great form and the starting was prompt and perfect.

It may be modestly and meekly mentioned that

Tribune's racing column yesterday predicted that Eess would win and Telle Doe would run second; that Aurania would win and that Harrisburg would run second; that Prince Royal would win and the Dwyer entry run second; that Favor would win, that Inspector B. would run second; that Volunteer would win with the Dwyer colors second. It thus named first horse in five out of six races; second herse in five out of six races. Now let some other paper equal that! The enormous Haggin stable with its many horses

in training and its portentous lists of forfeits has not won a race at this meeting. This is ill fortune Senator Hearst ought to get a crack jockey to ride

his fast filly Gorgo to-day. If well ridden she ought to win the Mermaid Stakes, even against Bella But she needs a jockey of Hayward's skill to do her justice. Everybody is praising John Huggins enthusiastically

THE ENTRIES FOR TO DAY.

The Coney Island Jockey Club gives to-day anothe of its star programmes, and racing of the highest quality and keenest interest may be expected, and as a Saturday half-holiday crowd will be present it will be a lively race day indeed.

The first race has the big field of twenty-three, but it will not be divided, as, with the other big fields, too long delays would be caused. The fast three-yearold Cruier should win, with Fitzroy second.

The Mermaid Stakes for three-year-old fillies should give a fine race between Gorgo and Belia B., and Gorgo's running yesterday was so good that she

Gorgo's running yesterday was so good that she should win, well ridden, with Bella B. second.

Bill Barnes showed so much promise on Wednesday that he may win the third race, while sam Ward may run second, although Diablo has a chance.

CHARTER OAK PARK RACES. Hartford, Conn., June 22.-There was a good attendance at Charter Oak Park to-day, in spite of the terrible heat. The first race called, the 2:19 class. proved somewhat exciting, although it was finally won by the favorite, Favonia. Rosalind Wilhes took the third and fourth heats, making in the third the fastest time of the meeting, 2:17, which is undoubledly a better record than it was intended she should get. Many persons have seriously doubted the correctness of the time made in New-York a few days ago—the same as to-day—and were confident that he could not make any such time. Farmer Boy was a farm horse up to eighteen months ago, being used in ploughing, etc. He was apparently not urged at all to-day, and trotted squarely and steadily. EASTERN CRICKETERS BEAT THE WEST. The second annual cricket match between the East and West of this country was finished yesterday on the Staten Island Cricket ground in blazing bot reather. On the previous day the East had scored 124 to the West's 109 in the first innings and the former had scored 138 for 6 wickets in their second. Thirty more runs were put on by the remaining four wickets, thus leaving the West 183 to get to win. The fine bowling of Pacey and wicket keeping of Bromhead, who disposed of four men, and the fielding of Archie Thompson completely palalyzed the visitors, and they were all out for 68 runs, losing the match by 114 runs. HOPING FOR A WHOLE SAIL BREEZE. ENTRIES IN THE SEAWANHAKA CORINTHIAN VACHT CLUB RACE FOR TO-DAY.

The Seawanhaka Corinthian Yacht Club race, which takes place to-day, gives promise of being exceedingly interesting, provided there is a good breeze, and it the matter of weather the Seawanhaka Club generally has better luck than the New-York Yacht Club. Among the schooners the Sea Fox, the Miranda and the Grayling will meet again. No one who witnessed the per formance of the Grayling on Thursday will be disposed to doubt that she will win again. If the Sea Fox has in her the speed of the Grayling it will take some time to get her in shape to show it, and she will never show it while her big club topsail flaps like a shirt hung out to dry. Among the third-class sloops and cutters the

Katrina, Fanny and Stranger will again be the con-testants. The Shamrock is entered, but it is not likely that she will start, for the same reason that she didn't start on Thursday in the New-York Yacht Club regatta-the death of a brother of her owner, J. Club regatta—the death of a brother of her owner, J. Rogers Maxwell. With the Shamrock out it is almost a foregone conclusion that the Katrina will win. Perhaps the most interesting contest of the day will be that between the Nymph and the Banshee in the seventh class. Both are crack sloops and both of about the same water-line length—within a fraction of forty feet. The Nymph is a new boat designed by Burgess. The Banshee was designed by Cary smith and was launched last season. In both boats their designers have done their best, and therefore the result will attract much attention. All the yachts will be sailed by amateurs. will attract much attention. All the yacars will be sailed by amateurs.

TO PROVIDE FOR DR. O'DWYER'S FAMILY. Dr. William O'Dwyer, the well-known Irish Nationalist, who died at his home in Henry-st. a month ago, left a wife and several children unprovided for. The Doctor was one of the most popular men in the seventh Ward, and always gave his professional ser-vices freely to the poor, whether they had money to pay him or not. He worked like a beaver in the Presidential election of 1884, in the interest of the Repub lican candidate, and won many hundreds of votes in that section of the city from the wage-workers. his wife and children are now almost in want, his friends have arranged for a benefit performance to friends have arranged for a benefit performance to take place at the Windsor Theatre, Sunday eventing, July 1. "Frank" Murtha, the manager, has promised to give the use of the house, and will produce many well-known artists upon the occasion free of charge. Bayne's 69th Regiment Band will furnish the music. Ex-Civil Justice John Henry McCarthy is chairman of the committee; James F. Tracey, vice-chairman, and M. McMann, treasurer.

WOMEN WHO WEEP.

Why So Many Ladies Cry Clearly Explained and How It Can Be Avoided Carefully Described.

It can be Avoided Carefully Described.

It is safe to say that not one woman in ten thousand lives a single week in which she does not either cry or feel like crying. The cares of life, disappointments, and more than all clse, weaknesses and pains make all women more or less miscrable. This is all wrong. Women were made for happiness, not for misery. When a woman is weak she requires strength. Her body, her mind and all her faculties and functions must be put it as beattern. her faculties and functions must be put in a healthy con-dition, or she cannot secure strength. Nature is always ready to do this, but nature almost always requires assistance, and the question therefore is, " How can nature best be assisted !"

The finest physicians in the medical profession have agreed that nothing so surely and easily does this as pure spirits taken in moderation, either before meals or between meals. The effect is to gently and healthfly ulate all the faculties to vigorous action, and thus nature is assisted and strength is given. There are hundreds is assisted and strength is given. There are no named of thousands of laddes in America to-day who are growing stronger, healthier and more attractive in appearance by the judicious use of Duffy's Pure Mait Whiskey. Many the judicious use of Duffy's Pure Malt Whiskey. Many of these ladies are the wives of Ministers and Professors, and hundreds of them are Temperance women. They realize that Duffy's Pure Malt Whiskey is a medicine, not a drink, and that it furnishes the best and only positive help to weakened bodies that has ever been discovered. Great care should be exercised, however, to secure only the genuine, which is absolutely pure, for there are many so-called whiskeys in the market that are a positive injury to any one who uses them. I venture to seem however, that not one woman in five hundred who will carefully use this great aid to health in moderation will continue to suffer from weaknesses, but, on the contrary, will find a renewal not only of youthful vigor, but of color, brightness, and all those qualities which indicate the presence of perfect health.
